

ROYAL DATASHEET

CABLED ACTIVE INFRARED BARRIER WITH OPTICAL SYNCRONIZATION Available only in black colour

ROYAL is a dual led IR barrier with parallel beams with optical syncronization.

It consists of two symmetrical bars to be installed on either side of the entrances to be protected and it allows to anticipate intrusion by leaving freedom to move indoors with even windows and doors open.

Thanks to its compact dimensions it can be easily installed in small spaces including the interspaces between doors and windows, rolling blinds and shutters.

ROYAL guarantees an excellent reliability standard, high immunity to sunlight and insects.

It is sturdy, easy to be installed, available in black colour and it has a maximum range of 6 m.
